**Report
of
Personality Development and Spoken English Course**

A Seven day Personality Development and Spoken English Course was organized by the Department of English w.e.f. 21st Sept - 28th Sept 2016 under the UGC Grant Scheme of Career Counseling and Guidance and the kind support and encouragement of the Head of the Institution Dr. (Smt) B.N. Meshram. The Chief Guest of the inaugural function was Dr. (Smt) Suman Baghel and Dr. (Smt) B.N. Meshram gracefully presided over the function. The course was conducted by the three main trainers: Dr. Rupal Farishra, Dr. Savitari Tripathi and Mrs. Anjum Shaikh. Today's students face a challenge of being competitive as well as global. Chhattisgarh as a newly formed state is gearing itself to meet these challenges by increasing the number of Higher Education Institutions and by training them to be suitable for job market. In the present scenario the job market is growing in terms of volume but it is shrinking in terms of number of professionals passing out of the college. The students who pass out their degree must possess the qualities of a techno manager. They must be in a position to do multitasking in their jobs. Only possessing technical skills/hard skills have not paid off for many. Hence, keeping in view the requirement of the job market it was understood that the students need to have not only a good personality but also be good at Soft skills. Group of 50 students benefitted from this 7 days course. The targeted group was heterogeneous consisting of students belonging to UG and PG levels. The students were trained with techniques of developing a beaming personality and indispensable soft skills for a bright career. The course covered the following aspects:

3. (c) Short Descriptions about the course (Enclosure - I)

Judo & Karate for Self Defence

Our Mission

Violence that targets the individual is largely predictable. There are always actions and behaviours an aggressor has to engage in before they make a physical assault. We refer to these as Pre-Violence Indicators or PVI's. This could be something as simple as a person engaging in basic surveillance, however if one understand how predatory individuals approach one can take them out with one's physical capabilities that will be taught you in these classes. Our Mission is to empower women physically as well as mentally, So that they can protect themselves form all the harm coming their way.

What we teach

The training's approach to personal safety and self-defence training is to educate the individual how to adopt sound and proven personal safety procedures into their life, whilst changing and modifying some existing behaviours and habits. We aim to make you physically and behaviourally strong for your own protection.

Why we teach

- Safety: The primary importance of self-defence is for women to be able to protect themselves against anything that's unacceptable in terms of social conduct.
- Confidence: There is nothing more empowering than having the confidence to analyse a dangerous situation and take actions to overcome them effectively.
- Empowerment: It empowers women to lead a healthy and fulfilling life by encouraging them to deal with stressful and dangerous situations independently.
